Weed Sewing Machine.

Special attention is called to the advertisement in this issue, of the celebrated Weed Sawing Machine. They are for sale by Bogart & Mayes. Bead the advertisement, and call and examine the Machine for yourselves.

Ball Play.

We learn that Tuesday last, the 4th of July, was celebrated at Ball Play, in the upper end of this county. We have been requested to state that the day passed quietly and pleasantly to all who were in attendance. An oration was delivered by T. W. Burge, Esq., which was well received and adapted to the occasion.

Our young friend, Charlie Owen, left here on Tuesday evening for Missouri, to look after his interest in that locality. Charlie is a noble young man, and an honor to this community. He will one day make his mark, and we venture to predict that his name will be enrolled high up on the scroll of fame.

We wish Charlie a pleasant trip, and hope he may succeed in any and all his undertakings through life.

Our Columns.

This week we have our columns filled with new advertisements, of almost every character. About two columns have been left over for our next issue. This is surely convincing proof that the Enterprise is one of the best advertising mediums in this end of the State. All we ask is fair play, and we will come out with success in the newspaper world.

The Mammoth Confectionery. We this week publish an advortisement of Peter Kern's Mammoth Confectionery. at Knoxville. Country merchants will be amply paid by making their purchases from this firm. Mr. Kern is a clever and accommodating gentleman, and can furnish you anything in his line at as reasonable rates as any house in Knoxville. Read his advertisement.

Juvenile Band.

A Juvenile Band has been organized in Sweetwater. The instruments consist of two French Harps, one Flute, one Triangle, and two Tambourines. Experience of a Young Woman. A country girl, young, pretty and bap-py, her step was elastic and the roses of health bloomed upon her cheek. One April morn she was overtaken by a spring shower," and caught a sold. It was her "particular time," and suppres-sion was the result. At the next "period" nature refused to act. She became sallow, swollen, and suffered intensely with pain in the back and "lower stomach," palpitations, difficulty of breathing, indiges-tion and headsche. Detors failed to pulliate her distressed condition, and she onged for death as the only hope of rellef. At the instance of a friend, who herself experienced its benefits, she was induced to try Dr. J. Bradfield's Female Regulator. One bottle cured her. She on business connected directly with this is again the happy girl she was that April morning before the shower. The Female Regulator is prepared by L. H. Bradfield, Druggist. Atlanta, Ga., at \$1.50 per bet-tle, and kept by all respectable drug men throughout the land.

Howe to Exterminate Weeds. The celebrated Howe Sewing Machine will exterminate all other Machines very soon, having many advantages over any other machine new in use-being the lightest draught, or lightest running, machine in use, and more durable, with but little machinery and it simple. A five-year-old child can do good work on the Howe Muchine. My great success in selling machinery is by keeping none but the best, such as will stand the test. We will furnish any responsible party a machine on trial who wishes a machine. I have never failed to effect a sale where parties have had a machine on trial, Old gentlemen, if you are not ready to buy a machine now, don't let your wives try the Howe Sewing Machine. I am honest. jy6-tf D. B. CHILDRESS.
